## Parking Calls and Picking Them Up

When on a call, press the **Park1, Park2, etc** button, which will park the call, and the **Park** button you hit will now flash **red** on any phone that has that **Park** button. To pick up a parked call, press the **Park** button that has the **red** flashing light.

## Call History

1. Press the **History/Call Log** soft key when the phone is idle, press or to scroll through the list.
2. Select an entry from the list, you can do the following:
  - a. Press the **Send** soft key to call the entry.
  - b. Press the **Delete** soft key to delete the entry from the list.

If you press the **Option** soft key, you can also do the following:

- Select **Detail** to view detailed information about the entry.
- Select **Add to Contacts** to add the entry to the local directory.
- Select **Add to Blacklist** to add the entry to the blacklist.
- Select **Delete All** to delete all entries from the list.

## Paging (If you have that function)

If you have this button/function, when pressed, you will typically speak your message and then hang up. Your voice will be heard on the phone speakers, and if your site has it, will also be heard overhead.

## Station (Line) Keys

These keys will show you the status of other phones in the building. **Green** means they are not on a call, **Red** means they are on a call. To call an extension press the button next to it. *Please note that if you are on a call and press **transfer** and then hit the button next to the extension you are transferring to, it will Blind transfer the call by default.*
